Dear League City Friend,

League City's explosive growth makes preserving its history more important than ever. That's why I'm asking you to join our member driven organization as we work to both preserve its rich history and educate those new to the area about this history. This is a mission we take seriously and we can't accomplish it without friends like you.

The League City Historical Society celebrates its 30<sup>th</sup> anniversary this year. We want to continue our legacy with our many active programs and projects and want you to be a part of.

**Historic Home Tour** that brings alive the Historic District and opens homes and businesses to the public that are League City's history.

**West Bay Common School Museum** sits at the site of League City's original school built in 1894 on land donated by JC League. The school provides a hands-on-history program where over 100,000 school aged children have experienced what a day was like in a one room school in the late 1800's.

**Living History Dinner** that features an historic reenactor in an authentic presentation of the life of an important person in our history. A memorable night for history buffs and those that just enjoy a colorful presentation.

**Monthly gatherings** with interesting speakers and authors delivering information members enjoy as we learn more about history and the environment our early settlers lived and worked in.

Your involvement and help are critical if we want to continue preserving the history of the city and introducing it to others. It's easy to join, just visit us online at [LeagueCityHistory.org](http://LeagueCityHistory.org) or complete a membership form. We are a 501(c)3 and your membership donation is tax deductible.

Respectfully,

*Ronnie Richards*
